

**Peter C. Franklin** is vice president of National & Theater Security Programs (NTSP) for Raytheon Integrated Defense Systems (IDS). In this role, he is responsible for the majority of air and missile defense programs within Raytheon IDS for a variety of domestic and international customers. Raytheon Company, with 2008 sales of \$23.2 billion, is a technology and innovation leader specializing in defense, homeland security and other government markets throughout the world. With a history of innovation spanning 87 years, Raytheon provides state-of-the-art electronics, mission systems integration and other capabilities in the areas of sensing; effects; and command, control, communications and intelligence systems, as well as a broad range of mission support services. With headquarters in Waltham, Mass., Raytheon employs 73,000 people worldwide.

Integrated Defense Systems is Raytheon's leader in Global Capabilities Integration providing affordable, integrated solutions to a broad international and domestic customer base, including the U.S. Missile Defense Agency, the U.S. Armed Forces and the Department of Homeland Security.

The IDS NTSP business is a leader in creating and integrating surveillance, intelligence and collection programs as well as air and missile defense programs to protect the United States, deployed forces, friends and allies. Among the business' key programs are Surface-Launched AMRAAM, Joint Land Attack Cruise Missile Defense Elevated Netted Sensor (JLENS), Rapid Aerostat Initial Deployment (RAID), Ballistic Missile Defense System/AN/TPY-2 radar, Terminal High Altitude Area Defense (THAAD), Upgraded Early Warning Radar (UEWR), Sea-Based X-Band Radar (SBX), Cobra Judy Replacement and Surveillance Radar Program.

Previously, Franklin was vice president of the IDS Missile Defense Business Area with responsibility for leading the missile defense business at IDS as well as overseeing Raytheon's participation in the Missile Defense National Team and Strategic Business Area in Washington, D.C. Franklin joined Raytheon after retiring as a major general from the U.S. Army in 2003, concluding a distinguished 33-year career in service of his country. From 1999 to 2003,

## Biography

Franklin served as deputy director of the Missile Defense Agency. In this role, he was charged with managing, directing and executing the U.S. missile defense program.

From 1996 to 1999, Franklin served as the Deputy for Systems Management and Horizontal Technology Integration in the Office of the Assistant Secretary of the Army for Acquisition, Logistics, and Technology. Prior to that role, he held numerous command and staff positions, including Commanding General of the U.S. Army Simulation, Training, and Instrumentation Command; executive officer for the U.S. Army's Space and Strategic Defense Command; and Project Manager of airborne sensor platforms for the Strategic Defense Initiative Organization.

Franklin also commanded various air defense units through brigade level with Patriot, Stinger, Chaparral, Hawk, Vulcan and Redeye systems. His positions included commander, 2<sup>nd</sup> Battalion, 62<sup>nd</sup> Air Defense Artillery, 7<sup>th</sup> Infantry Division, Fort Ord, Calif.; and commander, 35<sup>th</sup> Air Defense Artillery Brigade, I Corps, Fort Lewis, Wash.

In addition to his many military and professional accomplishments, Franklin is a member of the Association of the United States Army (AUSA) and the Sigma Gamma Tau National Honor Society in Aerospace Engineering.

Franklin earned his bachelor's degree in aerospace engineering from Virginia Polytechnic Institute and State University and his master's degree in guided weapons systems engineering from the British Royal Military College of Science. His military education includes the Air Defense Artillery Officer Basic and Advanced Courses, Command and General Staff College, and the Industrial College of the Armed Forces. Franklin was born in Tokyo, Japan.
