## **Raytheon Technical Services Company LLC**

### **Overview**

Headquartered in Reston, Va., Raytheon Technical Services Company LLC provides a full spectrum of technical, scientific and professional services to its defense, federal, international, and commercial customers worldwide. It specializes in training, logistics, engineering, product support, and operational support services and solutions for the Mission Support, homeland security, space, civil aviation, counterproliferation and counterterrorism markets.

### **Locations**

TS operates on all seven continents.

### **Annual Sales**

\$3.2 billion

### **Employees**

9,500

### **Customers**

TS customers include all branches of the U.S. Armed Forces, NASA, the Federal Aviation Administration, the U.S. National Science Foundation, Department of Energy, the Defense Threat Reduction Agency, the Transportation Security Administration, and other agencies of the Department of Homeland Security, as well as international governments.

## **Highlights**

TS manages some of the world's largest government and commercial training contracts including the Warfighter Field Operations Customer Support program, the Air Traffic Control Optimum Training Solution program and technician and sales person training for a automotive manufacturer. We are also a member of the Metrix Consortium for the U.K. Ministry of Defence's 30-year Defence Training Review program.

TS is one of the United States' premier operators of Department of Defense (DoD) ranges. Our achievements include the largest and most successful full-facility military privatization project in U.S. history, logistics and technical support for U.S. government demilitarization activities in the former Soviet Union, and science support services to the National Science Foundation on the continent of Antarctica.

### **Raytheon Technical Services Company**

- É Supports training for every U.S. Army soldier, NASA astronaut, U.S. air traffic controller and every technician and sales person with a major U.S. automotive manufacturer
- É Supports human space flight training and mission operations
- É Installs and certifies Federal Aviation Administration and DoD terminal radars and automation systems at airports and airfields throughout the United States
- É Provides logistics support to more than 80 percent of major Raytheon programs

### **Raytheon Company**

TS is a wholly owned subsidiary of Raytheon Company (NYSE: RTN). Raytheon Company, with 2009 sales of \$25 billion, is a technology and innovation leader specializing in defense, homeland security and other government markets throughout the world. With a history of innovation spanning 88 years, Raytheon provides state-of-the-art electronics, mission systems integration and other capabilities in the areas of sensing; effects; and command, control, communications and intelligence systems, as well as a broad range of mission support services. With headquarters in Waltham, Mass., Raytheon employs 75,000 people worldwide.
