## Raytheon Technical Services Company LLC

### Overview

With annual sales of \$2 billion and nearly 9,000 employees, Raytheon Technical Services Company LLC (RTSC) provides technical, scientific and professional services for defense, federal and commercial customers worldwide.

It specializes in Mission Support, integrated training solutions, counter-proliferation and counter-terrorism, base and range operations and customized engineering services. Mission Support is the integrated set of cost-effective technologies, solutions and services that support our customers, ensuring operational readiness of the enterprise to achieve mission success.

### Locations

With headquarters in Reston, Va., RTSC operates in 50 states, 70 countries and all seven continents.

### Customers

RTSC customers include all branches of the U.S. Armed Forces, NASA, the FAA, the U.S. National Science Foundation, Department of Energy, the Defense Threat Reduction Agency, the Transportation Security Administration, and other agencies of the Department of Homeland Security, as well as international governments.

### Highlights

RTSC is one of the United States' premier operators of Department of Defense (DoD) ranges. Our achievements include the largest and most successful full-facility military privatization project in U.S. history, logistics and technical support for U.S. government demilitarization activities in the former Soviet Union, and science support services to the National Science Foundation on the continent of Antarctica.
