

Raytheon AESA

Active Electronically Scanned Array Radar

The greatest revolution
in Radar since radar.

Raytheon's proven multi-mode, multi-platform AESA technology can simultaneously guide multiple weapons to multiple targets widely spaced in azimuth, elevation and range, with unprecedented precision. It enables various platforms to gather, process and share information, air-to-air and air-to-ground, with a speed and reliability far greater than any other radar. In short, it provides today's aircraft with a revolutionary level of situational awareness and the vast operational advantages that go with it.
