

Electronic Warfare Systems

He takes mission execution seriously, and so do we.

Protecting the lives of warfighters — it's the driving force behind all that we do at Raytheon. And our electronic warfare systems have been doing it for over 50 years. From decoys and jammers, to radar warning receivers and new digital technology, our comprehensive range of products enables today's pilots to detect and defeat the threat. But what separates us from the others is our commitment to program execution. We deliver combat-proven performance you can count on, where you need it and when you need it. Because we're just as serious about his successful mission as we are about our own.
