

GENERAL SERVICE ADMINISTRATION
FEDERAL SUPPLY SERVICE
AUTHORIZED FEDERAL SUPPLY SCHEDULE PRICE LIST

Raytheon*Customer Success Is Our Mission*

Online access to contract ordering information, terms and conditions, up-to-date pricing and the option to create an electronic delivery order are available through GSA Advantage!™, a menu-driven database system. The Internet address for GSA Advantage! is: GSAAdvantage.gov

FEDERAL SUPPLY SCHEDULE 874V – LOGISTICS WORLDWIDE

Raytheon Company
870 Winter Street
Waltham, MA 02451

Phone: 571.250.1058
Fax: 571.250.1926

e-mail: logworld@raytheon.com
www.raytheon.com

Contract Number: GS-10F-0229L

SINs:

874-501	874-501RC
874-503	874-503RC
874-504	874-504RC
874-505	874-505RC

Contract Period: January 1, 2011 – December 31, 2015

Pricelist current through Modification #12, dated January 1, 2011.

Business Size – Large

click on the FSS button at: fss.gsa.gov.

TABLE OF CONTENTS

Section 1 - Information for Ordering Activities 2
Section 2 – LOGWORLD SINS..... 4
Section 3 – Raytheon Labor Category Descriptions 5
Section 4 – Raytheon Schedule 874V Labor Category Price List 10

SECTION 1 - INFORMATION FOR ORDERING ACTIVITIES

SPECIAL NOTICE TO AGENCIES – SMALL BUSINESS PARTICIPATION

The Small Business Administration (SBA) strongly supports the participation of small business concerns in the Federal Supply Schedules program. To enhance small business participation the SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage! online shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage! and the Federal Supply Service home page (www.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. SPECIAL ITEM NUMBERS FOR PRODUCTS AND SERVICES –

SIN 874-501; 874-501RC– Supply and Value Chain Management

SIN 874-503; 874-503RC– Distribution and Transportation Logistics Services

SIN 874-504; 874-504RC – Deployment Logistics Services

SIN 874-505; 874-505RC – Logistics Training Services

2. MAXIMUM ORDER

The maximum task order limit is \$1,000,000. However, agencies may place, and Raytheon may honor, orders exceeding this limit in accordance with FAR 8-404. Ordering agencies are encouraged to seek price reductions for orders in excess of \$1,000,000.

3. MINIMUM ORDER

The minimum dollar value is \$300.00.

4. GEOGRAPHIC COVERAGE

Domestic and Overseas.

5. POINTS OF PRODUCTION

Raytheon worldwide locations.

6. DISCOUNTS FROM LIST PRICES

Government net prices (subject to agreement on Task Order basis)

7. QUANTITY DISCOUNTS

Not applicable

8. PROMPT PAYMENT TERMS

Net 30 days

9. GOVERNMENT PURCHASE CARDS ACCEPTED OR NOT ACCEPTED BELOW THE MICROPURCHASE THRESHOLD

Accepted

10. GOVERNMENT PURCHASE CARDS ACCEPTED OR NOT ACCEPTED ABOVE THE MICROPURCHASE THRESHOLD

Accepted - terms and conditions applicable subject to agreement

11. FOREIGN ITEMS

Not applicable

12. TIME OF DELIVERY

Specified on individual task order

13. EXPEDITED DELIVERY

Subject to agreement on a Task Order Basis

14. OVERNIGHT AND TWO-DAY DELIVERY

Subject to agreement on a Task Order Basis

15. URGENT REQUIREMENTS

Subject to agreement on a Task Order Basis

16. FOB POINTS

Origin

17. ORDERING ADDRESS

Raytheon Company
22270 Pacific Boulevard, Suite 600
Dulles, VA 20166

Attn: GSA Contracts Dept.

Phone: 571.250.1058

Fax: 571.250.1926

e-mail: logworld@raytheon.com

Or as specified on individual task proposal.

18. PAYMENT OFFICE

Address as specified on individual task proposal.

19. WARRANTY PROVISION

None

20. DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER

00 133 9159

21. CENTRAL CONTRACTOR REGISTRATION (CCR)

Raytheon is registered with CCR.

SECTION 2 – LOGWORLD SINS

SIN 874-501 SUPPLY AND VALUE CHAIN MANAGEMENT SERVICES

Services that include all phases of planning, acquisition and management of logistics systems. These services include, but are not limited to planning, acquisition, design, development, testing, production, fielding, management, operation, maintenance, sustainment, improvement, modification and disposal. Examples of the type of services that may be performed under this SIN include: Logistics consulting for planning for the acquisition and life cycle phases of supply and value chain systems including the following: defining and establishing program objectives, strategies, plans and schedules; develop milestone documentation; market research and acquisition planning; material requirements identification, planning, acquisition and management; develop specifications or performance based work statements and task estimates; develop, document and support maintenance procedures and technical manuals; configuration data management and related documentation; expansion and consolidation studies, field problem analysis and recommendation of corrective actions and system modernization; Needs assessment/system assessment; Inventory/asset/vendor management; Inventory management and operation (inclusive of salvage, recycle and/or disposal management); operation of warehouses, stockrooms, storage facilities or depots; Fulfillment systems and operations; platform management; Information logistics processing systems analysis design, and implementation; staging, shipping, receiving, packing, crating, moving and storage (excluding household goods); packaging, labeling, bar coding system consultation, design, implementation, operation and maintenance; design and installation of material handling systems; hazardous material storage and handling (Non-radioactive only); warehouse and location management systems; recycling program management of warehousing materials; preservation and protection of specialized inventory or documents; maintenance, repair and overhaul (MRO) support and/or support process management; aircraft repair and maintenance; ship repair and maintenance; property disposal management; logistics strategic planning services; logistics systems engineering services; logistics program management services and support; Unique Identification (UID)/Radio Frequency Identification (RFID) services; Program and project management; acquisition and life cycle management; spares modeling; supply chain integration planning; global integrated supply chain solutions, planning and implementation.

SIN 874-503 DISTRIBUTION AND TRANSPORTATION LOGISTICS SERVICES

Distribution and Transportation Logistics Services - Planning and designing, implementing, or operating systems or facilities for the movement of supplies, equipment or people by road, air, water, rail, or pipeline. Typical tasks include moving and storage (excluding household goods), location modeling, transportation system development and management, carrier management and routing, freight forwarding, courier services, shuttle services and facilitating customs processing. Commercial passenger airline services covered by the Airline City Pair Program are excluded.

SIN 874-504 DEPLOYMENT LOGISTICS SUPPORT

Deployment Logistics - Typical tasks include contingency planning, identifying/utilizing regional or global resources, integrating public/private sector resources, inventory/property planning, movement, storage, end-to-end office and industrial relocation/expansion services, including project/asset/construction management, space planning and project integration/implementation, pre-positioning assets, facilitating customs processing/accountability; and deploying communications and logistics systems to permit rapid deployment and management of supplies and equipment.

SIN 874-505 LOGISTICS TRAINING SERVICES

Training in system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities supporting these activities.

SECTION 3 – RAYTHEON LABOR CATEGORY DESCRIPTIONS

Description	Minimum Education Level	Minimum Years of Experience
Administrative Support/Clerical	High school diploma	2
Supports logistics business processes: data entry, word processing, and general clerical support. Strong computer skills. Excellent verbal and written communications skills.		
Configuration Analyst	Bachelor's degree or equivalent	4
Coordination and administration of assigned configuration management activities relative to identification, control, and accounting, for systems and/or equipment in accordance with contractual requirements. Establishes procedures and implements the introduction of changes to engineering documents assigned program. Reviews and analyzes released engineering change data and coordinates changes with engineering, quality, support, manufacturing, and engineering data control activities. Ensures that customer requirements are implemented and reviews change accounting activity to ensure compliance with configuration management policies.		
Contract Administration Manager	Bachelor's degree or equivalent	4
Develops solutions to a variety of problems of moderate scope and complexity. General knowledge of industry practices, techniques, and standards. Develops subcontract specifications, work statements, and terms and conditions for the procurement of specialized materials, equipment, and services. Prepares bid packages, conducts bidders' conferences, analyzes and evaluates proposals, negotiates subcontract provisions, recommends subcontractors, writes awards, and administers resulting subcontracts. Coordinates additions, deletions, or modifications to subcontracts. Participates with contracts administration and purchasing to develop subcontract policies and procedures.		
Electrical Engineer	BS Electrical Engineering or equivalent	5
Researches, develops, designs, and tests electrical components, equipment, systems, and networks. Designs electrical equipment, facilities, components, products, and systems, for commercial, industrial, and domestic purposes.		
Field Engineer	Bachelor's degree or equivalent	2
Supervises/manages operations and employees within the field engineering discipline. Responsible for budget, work flow, guidance, training, performance evaluation, and total compensation decisions. May create policies or programs to support the sound financial, operations, and competitive position of the company		
General Accountant, II	Bachelor's degree or equivalent	2
Maintains or oversees the maintenance of accounts and records in such areas as disbursements, expenses, tax payments, and income. Compiles and analyzes financial information to prepare reports, make general ledger entries, review and verify accuracy of journal entries. Prepares income and balance sheet statements, profit and loss statements, consolidated statements, and other accounting statements and reports. May design, modify, install, and/or maintain general accounting systems to provide records of assets, liabilities and financial transactions.		
Graphics Artist	Bachelor's degree or equivalent	1
Understands the application of illustrating principles, concepts, and standards. Develops solutions to complex illustrating problems. Conceive designs, lays out, and coordinates illustrations and creative artwork for publications, translating facts and features of subject material into graphic terms that best convey intended meaning. Develop interpretive themes that convey ideas and information. Provide guidance on graphics technology		

Description	Minimum Education Level	Minimum Years of Experience
Information Systems Technologist, II	Bachelor's degree or equivalent	2
<p>Develops, implements, and maintains systems and related policies and procedures designed to obtain, record, and process company, segment, or division information. Recommends, implements, and plans for improvements, enhancements, and new applications to the system. Provides retrieval ability to produce information for analysis and decision making, statistical data, and reports as required. Maintains, develops, and revises all manuals, tables, code lists, and documentation. Maintains all internal files and tables. Maintains current awareness of trends in software developments and keeps abreast of trends and new methods in information systems training, materials, and techniques. May support several functional applications.</p>		
Instructor/Analyst	Bachelor's degree or equivalent	5
<p>Develop student and instructor training material, and instruct students using training devices, simulators or simulations. Provide technical direction in the development and conduct of training programs.</p>		
Logistics Specialist	Bachelor's degree or equivalent	3
<p>Develops logistics concepts, techniques, and standards. Works directly with the customer in determining support requirements. Reviews field support requirements and recommends tools and test equipment. Thoroughly understands the application of logistics principles, concepts, and standards. Oversees maintenance and maintainability demonstrations for customers. Prepare/ reviews handbooks for technical adequacy. Assists in the development of maintenance engineering and logistics support.</p>		
Manager I	Bachelor's degree or equivalent	6
<p>Performs as a generalist a combination of administrative tasks in various functional areas located throughout the organization. May prepare budgeting, project scheduling, and statistical reports as required. Represents organizational unit on administrative matters. Recommends, interprets, and/or implements company and internal administrative policies and procedures.</p>		
Manager II	Bachelor's degree or equivalent	8
<p>Description: Oversees and coordinates the operational aspects of ongoing projects and serves as liaison between project management and planning, project-team, and line management. Assesses project issues and develops resolutions to meet productivity, quality and client-satisfaction goals and objectives</p>		
Manager III	Bachelor's degree or equivalent	8
<p>Supervises/manages operation or and employees within a discipline. Responsible for budget, work flow, guidance, training, performance evaluation, and total compensation decisions. May create policies or programs to support the sound financial, operational and competitive position of the company</p>		
Mechanical Engineer	BS Mechanical Engineering or equivalent	8
<p>Performs research, design, and development in such areas as mechanical, thermal, hydraulic, thermodynamic, or heat transfer for production, transmission, measurement, and use of energy. Applies research to the planning, design, development, and testing of mechanical and/or electromechanical systems, instruments, controls, engines and/or machines</p>		
Multimedia Specialist	Bachelor's degree	1
<p>Work with instructional design/development team to create multimedia-based training applications, including creation of computer graphics</p>		

Description	Minimum Education Level	Minimum Years of Experience
Planning/Control Specialist	Bachelor's degree	5
Understanding of the application of planning and control principles, concepts, and standards. Develops solutions to problems. Plans, prepares, issues, and controls production schedules and material requirements to ensure a controlled flow of approved materials timed to meet production requirements. Coordinate and monitor material movement between warehouse and production areas. Provide status of work in progress and potential problems. Resolve problems concerning over-shipments, shortages, engineering changes, and cancellation of orders.		
Program Cost Scheduling/Control Analyst	Bachelor's degree or equivalent	2
Controls costs and schedules on contracts requiring validated cost schedule control systems. Performs analyses and prepares reports in order to ensure that contracts are within negotiated and agreed-upon parameters and government cost control guidelines. Participates in the preparation of budgets and schedules for contract work and performs and/or assists in financial analysis. Ensures adequate funding availability by maintain accurate records of expenditures, directing preparation of expenditure projections, and submitting timely requests for additional funding to the government. Incorporates contractual changes into control systems by staying aware of outstanding work against each contract in order to maintain realistic contractual cost and schedule baselines.		
Purchasing Specialist	Bachelor's degree or equivalent	4
Purchases machinery, equipment, tools, raw materials, packaging materials, parts, services, and supplies necessary for operation of an organization. Complies information on price trends and manufacturing processes. Confers with vendors and analyzes vendors' operations to determine factors that affect prices and determines lowest cost consistent with quality, reliability, and ability to meet required schedules. Reviews proposals, recommends suppliers, analyzes trends, follows up orders placed, verifies delivery, maintains necessary records.		
Secretarial Support (SCA)	High school diploma or equivalent	2-6
Composes correspondence about administrative matters and general office policies for supervisor's approval; Anticipates and prepares materials needed by the supervisor for conferences, correspondence, appointments, meetings, telephone calls, etc., and informs supervisor on matters to be considered Reads publications, regulations, and directives and takes action or refer those that are important to the supervisor and staffed. Prepares special or one-time reports, summaries, or replies to inquiries, selecting relevant information from a variety of sources such as reports, documents, correspondence, other offices, etc., under general directions; Advises secretaries in subordinate offices on new procedures; request information needed from the subordinate office(s) for periodic or special conferences, reports, inquiries, etc., and shifts clerical staff to accommodate workload needs.		
Software Engineer	BS/BA in Engineering, Science, or Mathematics or equivalent	4
Conducts or participates in multidisciplinary research and collaborates with equipment designers and/or hardware engineers in the design, development, and utilization of electronic data processing systems software. Determines computer user needs; advises hardware designers on machine characteristics that affect software systems such as storage capacity, processing speed and input/output requirements; designs and develops compilers and assemblers, utility programs, and operating systems such as executive programs.		
Sr. Industrial Security Specialist	Bachelor's degree or equivalent	6
Develops and administers security procedures for classified materials, documents, and equipment. Implements federal security regulations that apply to program operations. Prepares plans and establishes procedures for handling, storing, and keeping records and for granting personnel and visitors access to restricted areas and material. Process personal background information material. Investigates security violations and prepares reports.		
Sr. Manager, General	Bachelor's degree or equivalent	10
Viewed as an expert within the company; develops new applications based on professional principles and theories. Oversees and coordinates the operational aspects of ongoing projects and serves as liaison between project management and planning, project-team, and line management. Assesses project issues and develops resolutions to meet productivity, quality and client-satisfaction goals and objectives. Develops mechanisms for monitoring project progress and for intervention and problems solving with project managers, line managers and clients.		

Description	Minimum Education Level	Minimum Years of Experience
Sr. PC/Client Server Analyst, Senior	Bachelor's degree or equivalent	6
Manages the on-line and internet resources, local area networks, and standard software applications. Develop and manage program secure Website. Manages database information and develops customer and program queries. Makes recommendations for software and hardware to meet program unique requirements. Troubleshoots and manages a help desk.		
Subcontract Administrator	Bachelor's degree or equivalent	4
Develops solutions to a variety of complex problems. Possesses full knowledge of industry practices. Develops subcontract specifications, work statements, and terms and conditions for the procurement of specialized materials, equipment, and services. Prepares bid packages, conducts bidders' conferences, analyzes and evaluates proposals, negotiates subcontract provisions, selects or recommends subcontractors, writes awards, and administers resulting subcontracts. Negotiates and coordinates additions, deletions, or modifications to subcontracts. Participates with contracts administration and purchasing to develop subcontract policies and procedures.		
Systems Engineer	BSEE or equivalent	6
Designs and develops electronic equipment and system-oriented products and prepares related installation, operation and maintenance specification and instruction. Analyzes equipment to establish operation data and conducts tests. Analyzes and prepares Engineering Change Proposals. Performs and analyzes site surveys and recommends optimum equipment placement and software solutions to meet requirements		
Systems Support Assistant (SCA)	Bachelor's Degree or equivalent	0-2
Applies systems analysis and design skills in an area such as a record keeping or scientific operation.		
Team Leader I	Bachelor's Degree or equivalent	2
Supervises/manages operation of and employees within assigned support discipline. Responsible for budget, work flow, guidance, training, performance evaluation, and total compensation decisions. Implements policies or programs to support the sound financial, operational, and competitive position of the company.		
Team Leader II	Bachelor's Degree or equivalent	4
With general guidance from functional management, responsible for providing team leadership to a customer-focused team or group of teams committed to increased quality and productivity. In accordance with organizational goals, provides direction on activities and behaviors. Motivates team members and facilitates team meetings. Identifies and analyzes problems, plans, tasks, and solutions. Monitors team budget and ensures proper use of assets. Represents the team, presenting team suggestions and recommendations. Requires experience in group processes and dynamics. Reports to functional and/or organization management on team accomplishments, achievements and productivity.		
Technical Editor/Writer	Bachelor's Degree or equivalent	3
Thorough understanding of technical writing principles, concepts, and standards. Works directly with the customer in determining support requirements. Develop solutions to technical writing problems. Write, edit, print and distribute publications on assigned projects. Work with engineering drawings and equipment to develop theory of operation, description, installation and removal procedures, testing, troubleshooting, calibration, and illustrated parts breakdown information. Utilize maintenance plans and other logistics data to determine the level of material presentation. Conduct study of equipment or system. Quality control over documents intended for external distribution.		
Technical Support Engineer	Bachelor's Degree or equivalent	4
Provides technical service to major internal and external customers; Understands and applies all principles, concepts and standards. Responds to customer inquiries and concerns and identifies problems. Refers some problems to support organizations to facilitate trouble resolution. Documents and tracks problems through resolution. Interfaces with the customer. Analyzes network outages to identify trends and determine solutions.		

Description	Minimum Education Level	Minimum Years of Experience
Technician (SCA)	Bachelor's Degree of equivalent	2-6
Applies basic and some advanced technical knowledge to solve routine problems by interpreting manufacturers' manuals or similar documents. Performs work required of a technical nature that is not engineering		
Training Manager	Bachelor's Degree or equivalent	5
Serves as a senior level training representative responsible for all aspects of program management including work standards, schedules, personnel supervision, cost, technical and contract performance		

SECTION 4 – RAYTHEON SCHEDULE 874V LABOR CATEGORY PRICE LIST

Hourly Rates include 0.75% GSA Industrial Funding Fee (IFF)

GSA Labor Category	GSA Hourly Rate by LOGWORLD Contract Year				
	1/1/11 - 12/31/11	1/1/12 - 12/31/12	1/1/13 - 12/31/13	1/1/14 - 12/31/14	1/1/15 - 12/31/15

Training Manager	\$178.95	\$186.11	\$193.55	\$201.29	\$209.35

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the matrix. The prices offered are based on the estimated highest rate for that category and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

SCA Eligible Contract Labor Category	SCA Equivalent Code – Title	WD Number
Secretarial Support	01313 – Secretary III	WD 05-2103 (Rev.-10)
Systems Support Assistant	14102 - Computer Systems Analyst II - Computer Employee Note 1	WD 05-2103 (Rev.-10)
Technician	23182 - Electronics Technician Maintenance II	WD 05-2017 (Rev.-13)
