

# RAYTHEON TECHNICAL SERVICES COMPANY LLC

Bryan Even, *President*

Raytheon Technical Services Company LLC (RTSC), with 2005 sales of \$2 billion, provides technology solutions for defense, federal and commercial customers worldwide.

The business specializes in four market areas: counter-proliferation and counter-terrorism, base and range operations, customized engineering and manufacturing services, and Mission Support. Mission Support — the company's integrated approach to total life-cycle support — enhances operational readiness, delivering integrated solutions that provide customers with the

right products, systems and capabilities at the right place, at the right time, every time.

RTSC has supported the counter-proliferation and counter-terrorism efforts of the Defense Threat Reduction Agency (DTRA) since 1988. The business currently oversees 12 DTRA projects, including Ukraine's maritime surveillance and the elimination of SS-25 missiles and TU-22 bombers. In 2005, RTSC was awarded several DTRA task orders to reduce stockpiles of weapons of mass destruction in the nations that constituted the former Soviet Union.
