

TP-CMMC N/A (04/20) CYBERSECURITY MATURITY MODEL CERTIFICATION NOT APPLICABLE

This item or service, as provided by Seller to Raytheon, has been identified as an item or service which meets the Commercial Off-the-Shelf (COTS) exception allowed by the CYBERSECURITY MATURITY MODEL CERTIFICATION (CMMC) program and requires **NO** CMMC Level certification by a CMMC Accreditation Board accredited independent 3rd party assessor. Refer to <https://www.cmmcab.org/>.

CMMC Level requirements must be flowed throughout the entire supply chain. For parts and services in the Seller's supply chain, required CMMC levels should be identified, flowed and certification at the required level be included as a condition of supplier selection.

Raytheon guidance regarding Cybersecurity can be located at https://www.raytheon.com/suppliers/supplier_resources/cybersecurity. Raytheon does not guarantee or warrant the accuracy of this information, which is provided for informational purposes only. Refer to the Department of Defense (DoD), Office of the Under Secretary of Defense for Acquisition & Sustainment site for CMMC information <https://www.acq.osd.mil/cmmc/index.html>.

Beginning in 2020, CMMC requirements will be required in select contracts. Full implementation will begin in 2021 with expectations to be required in all contracts by 2026. When required in contracts issued by the DoD, Sellers of each part/service throughout the supply chain must be CMMC certified at or above the required CMMC level.
