Returnee's Purchase Order Number: (if known) _____

- 1) **COMPULSORY:** Have any of the units been modified or fielded since leaving ELCAN?
 (Parts have not been altered OR parts have been added / substituted / removed)
Modified ___NO OR ___YES; Fielded ___NO OR ___YES; Provide details if either Yes is answered.
COMPULSORY: This return (product, technical data) is being exported into Canada in accordance with and under the authority of: (indicate appropriate license, exemption or exception) _____.

 The Returnee, as the shipper, is responsible for complying with all applicable export regulations. By providing the information requested above, it shall ensure a fully compliant return to you as our customer.
- 2) The Returnee confirms that ELCAN's Standard Terms and Conditions apply to this return order. Furthermore, a return evaluation fee will apply should the return be unjustified (i.e. could not duplicate fault) or the return of the item is beyond economical repair or rework and/or is to be scrapped on direction from the customer.
- 3) Any non-warranty parts that are at ELCAN's facility longer than 60 days after quotation and without receipt of repair funding will be deemed beyond economical repair. The part(s) will be returned "as-is" to the Returnee and a return evaluation fee will apply.
- 4) When applicable, the Returnee shall provide Environmental, Safety and Occupational Health (ESOH) hazard data. Applicable circumstances are a "modified" system that changes electrical/optical paths, toxic chemicals, hazardous materials, &/or ozone depleting substances. As a minimum, provide:
 - a) all identified ESOH hazards and label as such,
 - b) probability & severity of the hazards, &
 - c) proposed or accomplished fixes & procedures to mitigate the risk.
