1. Acceptance of Purchase Order

Agreement by Seller to furnish the services, or its commencement of such performance, or acceptance of any payment, shall constitute Seller’s unqualified acceptance of this Purchase Order subject to these terms and conditions. Buyer will not be bound to any prices or delivery to which it has not specifically agreed in writing. Any terms or conditions proposed by Seller inconsistent with or in addition to the terms and conditions herein contained shall be void and of no effect unless specifically agreed to by Buyer in writing. Modifications hereof or additions hereto, to be effective, must be made in writing and be signed by Buyer’s Purchasing Representative. These terms and conditions, together with any referenced exhibits, attachments or other documents, constitute the entire agreement between the Parties with respect to the subject matter of this Purchase Order; and supersede any prior or contemporaneous written or oral agreements pertaining thereto.

2. Deliverable Work Product

“Deliverable Work Product” shall mean a document, report, or similar work (including rights therein) created or produced by Seller in connection with the performance of services pursuant to this Purchase Order. In no event will Deliverable Work Product be construed as goods, which are expressly excluded from these Service Terms and Conditions of Purchase.

3. Timely Performance; Notice of Delay;

(a) On time performance is a material condition of this Purchase Order and failure to perform according to the schedule in this Purchase Order, if unexcused, shall be considered a material breach. Acceptance of late performance, shall not constitute waiver of this provision. Buyer also reserves the right to refuse to make payment on work performed in advance of required schedules until scheduled performance dates.

(b) Seller shall notify Buyer in writing immediately of any actual or potential delay to the performance of this Purchase Order. Such notice shall include a proposed revised schedule but such notice and proposal or Buyer’s receipt or acceptance thereof shall not constitute a waiver to Buyer’s rights and remedies hereunder.

4. Termination for Convenience

(a) Buyer may, by written notice, terminate this Purchase Order for convenience and without cause, in whole or in part, at any time, and such termination shall not constitute default. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.

(b) In the event of termination for convenience by Buyer, Seller shall be reimbursed for actual, reasonable, substantiated, and allocable costs, plus a reasonable profit for work performed to date of termination. Any termination settlement proposal shall be submitted to Buyer promptly, but no later than ninety (90) days from the effective date of the termination. In no event shall the amount of any settlement be in excess of the Purchase Order value. Buyer may take immediate possession of all Deliverable Work Product resulting from services upon written notice of termination to Seller.

5. Termination for Default

(a) Buyer may, after providing Seller with ten (10) calendar days written notice, and upon Seller’s failure to cure such default in that ten (10) day period (“Cure Period”), terminate this Purchase Order in whole or in part at any time by notice in writing for (i) breach of any one or more of its terms, (ii) failure to perform the services within the time specified by this Purchase Order or any written extension, (iii) failure to make progress so as to endanger performance of this Purchase Order, or
(iv) failure to provide adequate assurance of future performance; provided, however, there shall be no Cure Period for default related to failure to meet the delivery schedule or defaults incapable of cure. Buyer may also terminate this Purchase Order in whole or in part without a Cure Period in the event of Seller’s suspension of business, insolvency, appointment of a receiver for Seller’s property or business, or any assignment, reorganization or arrangement by Seller for the benefit of its creditors. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order.

(b) In the event of Seller’s default hereunder, Buyer may exercise any or all rights and remedies accruing to it, both at law or in equity, including but not limited to, Seller’s liability for Buyer’s excess re-procurement costs for services.

(c) If this Purchase Order is terminated for default, Buyer may require Seller to transfer title to, and deliver to Buyer, as directed by Buyer, any completed or partially completed Deliverable Work Product. Upon direction of Buyer, Seller shall also protect and preserve property in its possession in which Buyer has an interest.

6. Force Majeure

Except for a default of Seller’s subcontractor at any tier, neither Buyer nor Seller shall be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the government in its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, strikes, freight embargoes, and unusually severe weather. In the event that performance of this Purchase Order is hindered, delayed or adversely affected by causes of the type described above (‘Force Majeure’), then the Party whose performance is so affected shall so notify the other Party’s authorized representative in writing and, at Buyer’s option, this Purchase Order may be completed with such adjustments to delivery schedule as may reasonably be required by the existence of Force Majeure.

7. Disputes and Governing Law

(a) Either party may submit a dispute to a court of competent jurisdiction provided that the Parties’ senior management representatives have first attempted in good faith to negotiate a resolution for a period of no less than ten (10) business days following written notice from the Party claiming dispute. To the extent permitted by applicable law, the parties waive any right they may have to a trial by jury. Notwithstanding the above, either Party may seek injunctive or other equitable relief in any court of competent jurisdiction at any time.

(b) Pending resolution or settlement of any dispute arising under this Purchase Order, Seller will proceed diligently as directed by Buyer with the performance of this Purchase Order. Irrespective of the place of performance, this Purchase Order shall be governed and construed in accordance with the laws of the State within the United States from which this Purchase Order is issued by Buyer, without regard to its conflicts of laws provisions, except that any provision in this Purchase Order that is: (i) incorporated in full text or by reference from the Federal Acquisition Regulation (FAR) or; (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR or; (iii) that is substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the United States Government. The provisions of the “United Nations Convention on Contracts for International Sale of Goods” shall not apply to this Purchase Order, including any amendments or changes to this Purchase Order.
8. Remedies

(a) Except as otherwise provided herein, the rights and remedies of both Parties hereunder shall be in addition to their rights and remedies at law or in equity. Failure of either Party to enforce any of its rights shall not constitute a waiver of such rights or of any other rights and shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies; rather, the same shall remain in full force and effect.

(b) Buyer shall be entitled at all times to set off any amount owing at any time from Seller to Buyer, against any amount payable at any time by Buyer to Seller.

9. Proprietary Rights

(a) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order, all specifications, information, data, drawings and other items supplied to Buyer by Seller shall be disclosed to Buyer on a non-proprietary basis and may be used and/or disclosed by Buyer without restriction.

(b) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order, all specifications, information, data, drawings, and other items which are (i) supplied to Seller by Buyer or (ii) obtained or developed by Seller in the performance of this Purchase Order or paid for by Buyer shall be proprietary to Buyer, shall be used only for purposes of providing services to Buyer pursuant to this Purchase Order, and shall not be disclosed to any third party without Buyer’s express written consent. All such items supplied by Buyer or obtained by Seller in performance of this Purchase Order or paid for by Buyer shall be promptly provided to Buyer on request or upon completion of this Purchase Order.

(c) Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order, any invention or intellectual property first made or conceived by Seller in the performance of this Purchase Order or which is derived from or based on the use of information supplied by Buyer (collectively, the “Foreground IP”) shall be considered to be the property of Buyer. Seller hereby assigns its rights in the Foreground IP to Buyer and shall execute such documents necessary to perfect Buyer’s title thereto. Unless otherwise expressly agreed in a contemporaneous or subsequent writing to the contrary or otherwise expressly set forth in this Purchase Order, any work performed pursuant to this Purchase Order which includes any copyright interest shall be considered a “work made for hire”. To the extent any of such works do not qualify as a “work made for hire”, Seller hereby assigns to Buyer all its intellectual property rights, including its copyright rights, in such works effective immediately upon creation of such works, including when they are first fixed in a tangible medium.

(d) With respect to any applicable FAR and DFARS clauses incorporated into this Purchase Order relating to license rights in noncommercial technical data, Seller grants to Buyer the right to use, disclose, transfer, copy, modify, combine, integrate or make derivative works of any such noncommercial technical data delivered under this Purchase Order, to the extent necessary, and for such period as is required, for Buyer to complete its performance under Buyer’s U.S. Government programs.

(e) Notwithstanding anything to the contrary in this Section 9, applicable U.S. Government Procurement Regulations incorporated into this Purchase Order shall, when applicable, take precedence over any conflicting provision of this Section 9 to the extent that such Regulations so require. The incorporation by reference of such U.S. Government Regulations dealing with subcontractors rights in Technical Data, subject inventions, copyrights, and similar intellectual property are not intended to, and shall not, unless otherwise required by applicable law, obviate or modify any greater rights which Seller may have previously granted to Buyer pursuant to prior
agreements between the Parties.

10. Buyer’s Property

(a) All drawings, tools, jigs, dies, fixtures, materials, and other property supplied by Buyer shall be and remain the property of Buyer and shall be returned to Buyer upon Buyer’s request.

(b) All such items shall be used only in the performance of work under this Purchase Order unless Buyer consents otherwise in writing.

(c) Seller shall have the obligation to maintain any and all property furnished by Buyer to Seller shall be responsible for all loss or damage to said property except for normal wear and tear. Seller shall (i) within two (2) working days, report to Buyer the loss, theft, damage, destruction of any such property, or if any such property is found to be malfunctioning or otherwise unsuitable for use and (ii) determine and report the root cause and all pertinent facts as soon as they become known, and corrective action taken to prevent recurrence, at no additional cost to Buyer.

(d) Upon request, Seller shall provide Buyer with adequate proof of insurance against such risk of loss or damage.

(e) Seller shall clearly mark, maintain in inventory, and keep segregated or identifiable all of Buyer’s property.

11. Release of Information

Seller shall not publish, distribute, or use any information developed under or about the existence of this Purchase Order, or use the Raytheon Company name (or the name of any division, affiliate or subsidiary thereof), logo, trademark, service mark, or trade dress for the purpose of advertising, making a news release, creating a business reference, creating a website content or for goods or service endorsement without prior written approval of Buyer.

12. Order of Precedence

(a) In the event of any inconsistency or conflict between or among the provisions of this Purchase Order, such inconsistency or conflict shall, subject to Section 9(e) above, be resolved by the following descending order of preference: 1. Order-specific text on the Purchase Order; 2. Documents incorporated by reference on the Purchase Order which apply to the Purchase Order as a whole and not to a specific line item therein and not otherwise referenced in this Section 12; 3. These Service Terms and Conditions of Purchase (TC-SERVICES) and Supplements thereto; 4. Statement of Work; and 5. Specifications attached hereto or incorporated by reference (see Paragraph 12(b) below).

(b) Buyer’s specifications, including but not limited to Raytheon Quality Notes (see http://qnotes.raytheon.com/ ), shall prevail over those of the United States Government, and both of the foregoing shall prevail over specifications of Seller. In the event of conflict between specifications, drawings, samples, designated type, part number, or catalog description, the specifications shall govern over drawings, drawings over samples, whether or not approved by Buyer, and samples over designated type, part number, or catalog description. In cases of ambiguity in the specifications, drawings, or other requirements of this Purchase Order, Seller must, before proceeding, consult Buyer, whose written interpretation shall be final.

13. Warranty

(a) Seller warrants that no goods will be delivered pursuant to this Purchase Order. Seller further warrants that the performance of work and services shall conform with the requirements of this Purchase Order and to high professional standards.
(b) These warranty entitlements shall inure to the benefit of both Buyer and Buyer's customers. As used in this Purchase Order, Buyer's customer(s) shall include its direct and indirect customers such as direct sale end-users, higher-tier subcontractors, prime contractors and the ultimate user under relevant prime contract(s).

(c) Seller shall be liable for and save Buyer harmless from any loss, damage, or expense that Buyer may suffer from breach of any of these warranties. Remedies shall be at Buyer's election, including, but not limited to, either the prompt correction of the defective services at no cost or reimbursement of the amounts paid for such services. Services required to be corrected, repaired, or replaced shall be subject to this Section and the Inspection Section of this Purchase Order in the same manner and to the same extent as services originally performed under this Purchase Order, but only as to the corrected service thereof. Seller shall promptly comply with Buyer's direction to successfully correct the defective or nonconforming service.

14. Inspection

(a) All services or Deliverable Work Product shall be subject to inspection and test at all reasonable times and places by Buyer or Buyer's customer before, during, and after performance. Buyer may require Seller to promptly (i) correct the defective services or Deliverable Work Product at no cost or (ii) reimburse the amounts paid for such services. Buyer's acceptance of services or Deliverable Work Product shall not be deemed to diminish Buyer's rights or be final or binding on Buyer if latent defects, fraud, or misrepresentation on the part of Seller exists.

(b) Seller will provide reasonable support and access to Buyer in the inspection and test of the services without additional charge.

(c) Neither Buyer's inspection nor Buyer's failure to inspect shall relieve Seller of any responsibility to perform according to the terms of this Purchase Order.

15. Changes

Buyer shall have the right by written notice to suspend or stop work or to make changes from time to time in the services to be rendered by Seller hereunder or the schedule. If such suspension, stoppage, or changes cause an increase or decrease in the cost of performance of this Purchase Order or in the time required for its performance, an equitable adjustment shall be negotiated promptly and the Purchase Order shall be modified in writing accordingly. Any claim by Seller for adjustment under this Paragraph 15(a) must be asserted in writing within twenty (20) days from the date of receipt by Seller of notification of the change or suspension and shall be followed as soon as practicable with specification of the amount claimed and supporting cost figures. Failure to agree to any such change shall be resolved in accordance with Section 7 Disputes and Governing law herein. However, nothing herein shall excuse Seller from proceeding with this Purchase Order as changed pending resolution of the claim.

16. Infringement

Seller represents and warrants that all services and Deliverable Work Product provided by Seller pursuant to this Purchase Order, which are not of Buyer's design, do not infringe or misappropriate any third party intellectual property rights and that any use or sale of such Deliverable Work Product by Buyer or any of Buyer's customers shall be free from any claims of infringement. Seller shall indemnify and hold Buyer, and its customers harmless from any and all expenses, liability, and loss of any kind (including all costs and expenses including attorneys' fees) arising out of claims, suits, or actions alleging such infringement, which claims, suits, or actions Seller, hereby, agrees to defend, at Seller's expense, if requested to do so by Buyer. Moreover, Seller may replace or modify infringing Deliverable Work Product with comparable Deliverable Work Product acceptable to Buyer of substantially the same form, fit, and function so as to remove the source of infringement, and Seller's obligations under this
Purchase Order including those contained in Section 13 and in this Section 16 shall apply to the replacement and modified Deliverable Work Product. If the use or sale of any of the above Deliverable Work Product is enjoined as a result of such claim, suit or action, Seller, at no expense to Buyer, shall obtain for Buyer and its customers the right to use and sell said Deliverable Work Product.

17. Taxes

Unless this Purchase Order specifies otherwise, the price of this Purchase Order includes, and Seller is liable for and shall pay, all taxes, impositions, charges, customs duties or tariffs and exactions imposed on or measured by this Purchase Order except for applicable sales and use taxes that are separately stated on Seller’s invoice. Prices shall not include any taxes, impositions, charges, or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption. To the extent that Buyer is required to do so under applicable law or tax regulations, Buyer may deduct from any payments due to Seller pursuant to this Purchase Order such taxes as Buyer is required to withhold from such payments and pay such taxes to the relevant tax authorities; provided, however, that Buyer provides Seller with relevant tax receipts or other suitable documentation evidencing the payment of such taxes promptly after such taxes are paid.

18. Assignments, Subcontracting, Organizational Changes, Place of Performance, and Independent Contractor

(a) Seller may not assign any rights, delegate any of its obligations due or to become due under this Purchase Order, or subcontract all or substantially all of its obligations under this Purchase Order, without the prior written consent of Buyer. Any such purported assignment, delegation, or subcontracting by Seller without such consent shall be void. Buyer may assign this Purchase Order to (i) any affiliated company, (ii) any successor in interest, or (iii) Buyer’s customer.

(b) Seller shall promptly notify Buyer in writing of any Seller name or ownership changes, or mergers or acquisitions.

(c) Seller shall not change the place of performance under this Purchase Order without Buyer's prior written consent.

(d) In connection with Seller services hereunder, Seller is an independent contractor and this Purchase Order does not create an agency, partnership, or formal business relationship of any kind between Buyer and Seller or between Buyer and Seller’s employees. All Seller personnel providing services under this Purchase Order are deemed employees of Seller. Seller has no authority to bind Buyer or to commit Buyer to any obligation or liability. Seller, as an independent company contracting to Buyer, shall be responsible for all taxes, fees, licenses or other legal or governmental requirements for the work and its employees performing services under this Purchase Order.

19. Compliance with Law

(a) Compliance with Laws. Seller warrants that the services and Deliverable Work Product to be rendered under this Purchase Order shall be in compliance with all relevant federal, state, local law, orders, rules, ordinances, and regulations, including but not limited to:

2. the laws and regulations of Seller’s place of performance;
3. the United States Foreign Corrupt Practices Act, 15 U.S.C. § 78 et seq. (the “FCPA”), and other Anti-Corruption Requirements as defined in paragraph 19(b), below;
4. applicable international prohibitions on child labor;
5. the Fair Labor Standards Act of 1938, as amended (the “FLSA”), and of regulations and orders of the United States Department of Labor under the FLSA;

6. the Anti-Kickback Act of 1986;

7. the latest Occupational Safety and Health Act of 1970 (OSHA) requirements; and

8. U.S. Department of Transportation regulations on hazardous materials and any other pertinent federal, state, or local statutes, laws, rules, or regulations.

(b) Anti-Corruption Requirements. Seller acknowledges that its actions may subject it and Buyer to liability under the United States Foreign Corrupt Practices Act, 15 U.S.C. § 78 et seq. (the “FCPA”), and/or the anti-corruption laws, regulations, and policies of any other country with jurisdiction over the activities performed pursuant to this Purchase Order (together and individually hereinafter referred to as the “Anti-Corruption Requirements”).

(c) Anti-Corruption Warranty. Seller warrants that it is familiar with the prohibitions under the Anti-Corruption Requirements, and that neither Seller nor any of its principals, consultants, subcontractors, shareholders, directors, officers, employees or agents has performed or will perform any act which Buyer reasonably believes would constitute a violation of the Anti-Corruption Requirements or which Buyer reasonably believes would cause Buyer to be in violation of the Anti-Corruption Requirements, or present a credible risk, as determined by Buyer, of a violation of the Anti-Corruption Requirements. If at any time Seller becomes aware of information or circumstances that suggest any of the representations, warranties, and covenants referenced in this Section 19 may not be accurate, it shall notify Buyer immediately in writing, but not more than seven (7) days after becoming aware of such circumstances.

(d) Anti-Kickback Act of 1986. Seller warrants that it has complied with the Anti-Kickback Act of 1986 and has not offered or given and will not offer or give to any employee, agent, or representative of Buyer any gratuity or any kickback within the meaning of the Anti-Kickback Act of 1986. Any breach of this warranty shall be a material breach of each and every contract between Buyer and Seller.

(e) For Purchase Orders placed in support of and charged to a U.S. Government (“Government”) Prime Contract or higher-tier subcontract for an item meeting the Federal Acquisition Regulation (FAR) definition of a commercial item, the following provisions and clauses set forth in the FAR or the Defense Federal Acquisition Regulation Supplement (DFARS) shall apply. The version of each FAR and DFARS provision or clause shall be the version in effect as of the date of the prime contract. Such FAR and DFARS provisions and clauses are incorporated herein, unless made inapplicable by a corresponding note in this Section 19(e), with the same force and effect as if given in full text. Upon Seller's request, Buyer's Purchasing Representative will make their full text available. Also, the full text of a FAR or DFARS provision or clause may be accessed electronically at these addresses: http://farsite.hill.af.mil/ or http://www.acq.osd.mil/dpap/sitemap.html. In all clauses listed herein, terms shall be revised to suitably identify the party to establish Seller's obligations to Buyer and to the Government; and to enable Buyer to meet its obligations under its prime contract. Without limiting the generality of the foregoing, and except where further clarified or modified below, the term “Government” and equivalent phrases shall mean “Buyer”, the term “Contracting Officer” shall mean “Buyer’s Purchasing Representative”, the term “Contractor” or “Offeror” shall mean “Seller”, “Subcontractor” shall mean “Seller’s Subcontractor” under this Purchase Order, and the term “Contract” shall mean this “Purchase Order”. For the avoidance of doubt, the words “Government” and “Contracting Officer” do not change: (1) when a right, act, authorization or obligation can be granted or performed only by the Government or the prime contract Contracting Officer or duly authorized representative, such as in FAR 52.227-1 and FAR 52.227-2 and (2) when title to property is to be transferred directly to the Government. Nothing in this Purchase Order grants Seller a direct right of action against the Government. If any of the following FAR or DFARS clauses do not apply to this Purchase Order, such clauses are considered
to be self-deleting. Seller shall incorporate into each lower tier contract issued in support of this Purchase Order all applicable FAR and DFARS clauses in accordance with the flow down requirements specified in such clauses.
